# **How To Measure Your Size**

Neck: Take a similar shirt with a collar that fits you well. Lay collar flat, and measure from center of collar button to far end of button hole. Number of inches = size.

Sleeve Length: Bend elbow, and measure from center of neck (backside) to elbow and down to wrist. Number of inches = size.

Chest or Bust: Measure around fullest part of chest or bust, keeping tape up under arms and around shoulder blades.

Waist: Measure around waist, over body (not over shirt or slacks) at the height you normally wear your slacks. Number of inches = size.

**Inseam:** Take a pair of pants that fits you well. Measure from the crotch seam to bottom of pants.
